Dear Colleague,

Welcome to APhA2017 in San Francisco! It’s time to learn, share, and get inspired with more than 6,500 of your professional peers and leaders at pharmacy’s can’t-miss annual event. Are you ready to celebrate?

This year, our theme is Making an Impact in Patient Care. That means you! Over the next four days, we’re sharing success stories as well as strategies to address the complex challenges you face every day, so you can return to your practice recharged and empowered with a wealth of new knowledge.

At APhA, we facilitate the profession advancing as one in support of expanding opportunities for pharmacists that will impact care for our patients and the communities we serve. As pharmacy and health care continue to move rapidly to value-based payments and team-based care, pharmacists will have increased opportunities to improve medication use and advance patient care.

APhA2017 is designed to support you every step of the way, in any practice setting, with inspiring keynotes from pharmacy and health care leaders, outstanding learning opportunities, and invaluable networking with your peers from across the globe. Be among the first to discover and experience the next generation of health care products and services as you interact with more than 100 companies in the Exhibit Hall.

This program is your guide for navigating the diverse educational sessions and networking opportunities led by the brightest minds in our profession. With 100+ sessions to choose from—panel discussions, certificate training programs, engaging presentations, policy discussions, and more—you can tailor your experience around what matters most to your practice.

I look forward to spending these next few days reconnecting with and getting to know the people who make APhA such a thriving community—one I’ve been a proud part of for more than 20 years. As your President, I’m honored to work alongside you as we fulfill pharmacy’s potential to impact patient care!

I’m also excited to unveil the theme for APhA2018 in Nashville—Leading Our Communities in Patient Care. It’s never too early to start planning next year’s pharmacy family reunion. But for now, let’s celebrate another year of learning and inspiration and engage the power of our APhA community!

Sincerely,

Kelly Goode
APhA President

“Friends in Pharmacy” to Honor Paws for Veterans

Paws for Veterans provides psychiatric service dogs, training, and therapeutic group sessions to veteran and active duty men and women struggling with posttraumatic stress disorder and traumatic brain injury.

Please give generously at one of the bins located at the Bookstore and outside of the General Sessions to be entered to win a full conference registration to APhA2018, held March 16-19, in Nashville. There are two ways to enter the drawing—donate a minimum of $5 at the bins or purchase the student t-shirt in the Bookstore. Also, look for the paw print floor logo at exhibitor booths—your badge swipe will equal extra donations from that exhibitor! Visit pawsforveterans.com for more information.

Lapel Pin

Don’t leave San Francisco without your collectible APhA2017 lapel pin! To pick up your lapel pin, stop by GEICO’s booth 405 during Exposition hours.

*Supported by a grant from GEICO.

Moment of Reflection

Award dinners, general sessions, and certain other events begin with a moment of reflection. As members of a healing profession, each of us has a lot to be thankful for. We would like to give you an opportunity to reflect or express your thanks in your own personal way by pausing for a moment of silence and reflection.

Nonmember Registrants

As a bonus to attending APhA2017, all nonmember full conference registrants receive a full year of APhA membership, activated by April 15. You will receive an e-mail and welcome kit in the mail by April 29.

Photography and Filming

Portions of APhA2017 are recorded for web casting and other marketing/education purposes. Unauthorized audiotaping and videotaping of sessions and activities is prohibited.

**APhA Opening Reception in the Exposition: Peace, Love, Pharmacy!**
7:00 pm–9:00 pm
Convention Center, Exhibit Hall ABC

Join your colleagues for some Peace, Love and Pharmacy! 50 years ago during the summer of 1967, San Francisco and the rest of the world united behind one principle and one thought – LOVE! – and its affirmation of PEACE. The word was brought forth by musicians such as Peter Paul & Mary, Bob Dylan, and Jefferson Airplane and then carried on by many English musicians like the Beatles and the Rolling Stones.

Travel back in time at APhA2017 to the “SUMMER OF LOVE” as we kick off our week together with a totally hip opportunity to network, be treated to hors d’oeuvres, enjoy some far out entertainment, and take a first look at the amazing offerings from our exhibitors. Be sure to get a first-hand look at artist Sean Fitzpatrick’s work on a very unique and interactive 3-D painting he will create inside of the hall.

Your badge is your entry ticket. Tickets may be purchased for unregistered guests via the registration process for $50 (tickets will not be available at the door). Complimentary non-alcoholic beverages and cash bars will be available; bring proper ID. Dress can be funky and groovy, or just casual. Children under the age of 18 are not permitted into the Exhibit Hall at any time, including children in carriers and strollers. See you there, man!

Making an Impact in Patient Care
No matter where you practice, you can make a difference in patient care and improve the health of the communities you serve. As our health care system continues to transform, your role grows increasingly pivotal in addressing gaps in care, meeting quality metrics, and improving public health. During this session, you will hear from APhA President Kelly Goode as she highlights APhA’s work to position and support pharmacists’ role as a patient care provider meeting the health care needs of patients in the communities they serve, advancing and influencing team-based care, enhancing the management and delivery of patient care services, and assuming leadership roles that advance recognition of and coverage for pharmacists’ patient care roles.

Keynote speaker, Dr. Elliot J. Krane, explores the use of opioids in pain management and addresses the current epidemic of opioid misuse, abuse, and addiction.

We are pleased to welcome back emcee Mark Walberg, returning for his ninth consecutive year!

CPE Keynote Presentation: Inside America’s Opioid Epidemic: Pharmacists on the Front Lines
10:00 am–11:00 am
In response to the White House calling on public and private organizations to help address prescription drug and heroin abuse and the recent guideline recommendations published by the CDC, APhA has dedicated the opening keynote presentation to address current thinking regarding the use of opioids in pain management. Opioids are among the most effective available analgesics. However, combating opioid misuse, abuse and addiction, and opioid-related overdoses are national public health priorities. In 2014, the Centers for Disease Control and Prevention (CDC) identified prescription drug abuse and overdose as one of the top five health threats. Elliot J. Krane, MD, a practicing physician and professor of anesthesiology, perioperative and pain medicine at Stanford University Medical Center, explores these timely issues.

APhA2017’s Second General Session will inspire and provide you with many opportunities to expand and strengthen your role as patient care providers. The pharmacy profession is seeing opportunities to lead like never before. The profession, supported by efforts undertaken by APhA, has advanced as one to expand opportunities for pharmacist provided patient care that make an impact in patient care and improve the health of our communities. President-elect Nancy Alvarez will focus on the work of pharmacists and APhA in improving the health of our communities, the value of leadership and collaboration as members of health care teams, APhA programs and resources to help pharmacists take advantage of expanding opportunities, and the value of allowing patient and community needs to be your guiding light. The keynote presentation by Dr. Leana Wen explores the personal side of health care—the patient story.

CPE Keynote Presentation:
Patient to Provider:
“Hear My Story”
10:00 am–11:00 am

To better serve patients, we need to see not only who they are, but also who they were, and ultimately, who they hope to become, even at the end of life. A more robust, more holistic understanding requires a deeper appreciation of “who is this person I am speaking with.” Come to this session to hear the patient’s story with Leana Wen, MD, a Rhodes Scholar, TED speaker, and author of the critically acclaimed book, When Doctors Don’t Listen: How to Avoid Misdiagnoses and Unnecessary Tests. Dr. Wen received her medical training from Washington University and Brigham & Women’s Hospital/Massachusetts General Hospital, where she was a Clinical Fellow at Harvard Medical School. Dr. Wen is currently the Baltimore City Health Commissioner, overseeing the nation’s oldest public health agency.

APhA Closing Reception: Music City Here We Come!
5:00 pm–7:00 pm
Hilton, Continental Ballroom
It’s time to turn our thoughts to APhA2018 in Music City, Nashville. With their T Bone Burnett-produced debut album, guitar-wielding duo Striking Matches—Sarah Zimmermann and Justin Davis—form an authentically rootsy sound that has a timeless and international appeal.

Those attending, and present for the drawings, could win one of four BIG prizes: $150 Amazon gift card, guitar autographed by Striking Matches, Music City Backstage Pass ($1,000 value), and an amazing APhA2018 Grand Prize Package: a roundtrip airline ticket, full conference registration, and upgrade to a suite with 2 nights free! Badges will be scanned as entry tickets.

Come enjoy hors d’oeuvres, non-alcoholic beverages, and cash bars. Bring proper ID. Your badge is your entry ticket. Tickets may be purchased for unregistered guests via the registration process for $50 (tickets will not be available at the door). Dress is casual. Hats and boots are optional.

Supported by a grant from Pfizer, Inc.
