Expanding Opportunities Through Patient Care
Pharmacists, you are the driving force for improving medication use and advancing health in communities nationwide. As health care evolves, your role grows increasingly pivotal. Working together with the entire health care team, your patients, and each other will be key to our future success.

During this session, you’ll hear from APhA President Lawrence “L.B.” Brown and APhA CEO Tom Menighan, who are working with key decision makers to advance the role of pharmacists and make Pharmacists Provide Care legislation a long-awaited reality. President Brown will highlight pharmacists’ invaluable contributions to patient safety, as well as APhA’s efforts over the past year to expand opportunities in patient care and achieve provider status.

Education presenter and keynote speaker Dr. Rajiv Shah will inspire you with stories of how disruptive health care galvanizes patients, physicians and pharmacists to work together. Dr. Shah is a strong advocate for pharmacists, especially as a nephrologist who deals with complex medication dosing and intensive regimens for kidney disease and transplant patients.

Of course, you can expect plenty of laughter and charming insight from emcee Mark Walberg of Antiques Roadshow, returning for his eighth consecutive year. See you there!

APhA Awards will honor individuals advancing the concepts of collaboration and innovation in pharmacy:

Keynote Presentation: Pharmacists Improve Care Through Team Collaboration
10:00 am – 11:00 am
The value of pharmacists to patient care increases exponentially when they have the opportunity to collaborate with health care team members. And those other team members are finally starting to catch on, supporting expanding roles for pharmacists in a variety of care settings. Find out from renowned physician and nephrologist Dr. Rajiv Shah how to further optimize your role on the team and increase your value as a health care professional.
Recognizing the need for patients to more actively participate in their health care, Dr. Shah founded MyMeds in 2003. He practices nephrology at InterMed Consultants, where he serves as the managing partner/president.

APhA Second General Session
9:00 am–11:00 am
Convention Center, Level 400 Ballroom

APhA2016’s Second General Session will inspire and provide you with many opportunities to expand and strengthen your role as patient care providers. The pharmacy profession is seeking opportunities to lead like never before. Pharmacy has a responsibility to increase innovation and integration to help manage costs and improve outcomes for patients. Pharmacists have the capacity, ability, drive, and expertise to challenge the current health care system.

The Second General Session will highlight the exceptional talent in the APhA Academies. President-elect Jean-Venable “Kelly” R. Goode will focus on the work of pharmacists and APhA work in improving the health of our communities, the value of collaboration as members of health care teams, and APhA programs and resources to help pharmacists take advantage of expanding opportunities in patient care. With warmth and vision, our keynote speaker, Dr. Abraham Verghese, the author of the bestselling novel Cutting for Stone, will explore the crucial role of touch and compassion in an age of electronic health records and computerized information systems. Dr. Verghese believes that touch is a critical factor and is at the heart of the patient–provider relationship.

The following individuals will be honored:
APhA Honorary President
Jean Paul Gagnon, PhD

CPE The Healing Power of Touch: The Embodiment of Health Care
10:00 am–11:00 am
Dr. Abraham Verghese envisions a health care environment that blends technological innovation with traditional provider roles. During this session, Dr. Verghese, who is a leading voice in the discussion about quality care, will share strategies to balance managing a patient’s medical needs with the power of empathy and touch. This dynamic speaker will also highlight ways that health care professionals can use touch to enhance their interactions with patients.

Camden Yards
Let’s spend our final evening at APhA2016 in one of America’s most beautiful and popular baseball stadiums, Baltimore’s Camden Yards. You will have access to the Club Level to enjoy stunning views of the infield, photos, and memorabilia from past and present baseball moments, and the chance to join old friends and new acquaintances in this iconic setting as we celebrate our week together. Hors d’oeuvres, non-alcoholic beverages and cash bars will be available; bring proper ID. Musical entertainment will be provided, and you can take a “selfie” with Baltimore’s famous mascot, the Oriole Bird!

Your badge is your entry ticket. Tickets may be purchased for unregistered guests in advance for $50 (tickets not available at the door). Dress is casual.
